ALISEO Germany

A New Culture of Hospitality

For over 30 years Aliseo has been at the forefront of a New Culture of Hospitality. An efficient reinvention of luxury, our products have been specifically engineered to provide a new source of service to the hotelier and a new level of comfort for their guests.

Successful Hoteliers realize that their hotel is no longer just a "place to stay" but a refuge to relax and regroup for the events of the next day. Today's guests want to return to a place where they can enjoy the comfort, safety and conveniences of home. These are the expectations that have become standards.

Aliseo offers technological innovation and cutting-edge aesthetics to a demanding clientele who finds in the design the exclusiveness of their identity. Much appreciated Hospitality Solutions that combine clarity of purpose with utilitarian beauty – the Aliseo Guest Experience.

The Black Forest of Germany where craftsmanship has a tradition is the source of our experience and accomplishments.

On-Board Hotel Safety Holders

Fixed holder design is engineered to provide maximum efficiency and security. Iron is firmly secured to the holder which is fixed in place to the board. Heat and scratch resistant silicone bumpers protects the ceramic soleplate from scratching. Theft-proof reel design provides neat wind-up cable storage. Irons are secured safely in place for easy vertical cupboard stowing.

On-Board Fixed Holder Design

- 01. Iron rests securely in place on heat resistant non-slip silicone bumpers
- 02. Replaceable bumpers are fastened to the holder via soft-pointed silicone inserts
- 03. Theft protection – cable secured through the holder/board
